“ To the Gilmore Family, Sorry for your loss, please accept my condolences with a warm heart because I too have lost a true friend indeed. He was a great father to his family for many reasons. Donnell and I would always talk and find something to laugh about. He called me just before having surgery and I was suppose to call him back after his surgery. Rest in peace my brother!!

“ We will miss you Cousin. You were always a bundle of fun. You always had that smile and laugh. In the last month your conversation was all about returning home to go fishing with your dogs. Your heart was longing for the country. Sleep in peace. Rest easy.
