*“ I just heard and I am completely devastated. Matt you were such a shining light in my life for so long. From Kindergarten through high school and beyond. You were the greatest friend anyone could ask for. I know you are finally at peace and all those demons haunt you no longer. Give Keith a big hug for me. I love you always, Shannon*

“ Matt was a great guy, who I thought a lot of. He was very good to my grandchildren Keylan and Kera. I wish I had of known he needed something, and that I could have helped. Deep loss.
