“ I'm sorry to hear about the loss of Cleo. She was missed when she left NSH. She was a sharp dresser, hair always in place and one of the most creative people I know. Taking care of business and making sure that it ran smoothly was her thing. What I miss is when Cleo would say, "can I talk to you for a minute". You didn't know if you were gonna get a lashing or a hug. All in all she was a joy.

“ I worked with Cleo for 20+ years. She was a “tough cookie” that ruled a very busy, at times crazy L&D unit. She kept everyone in line!!
She was the best. She was also the most kind, tender hearted, beautiful soul. I feel very blessed to have known her and work with her. Rest easy, Cleo.

“ Cleo was a wonderful mentor, guide and coworker who taught me so much during our time at Northside. She had a great laugh, and always told it like it was....no sugar coating from Jean!!! She made the work easier, and our nights more enjoyable. You will be missed dearly by so many people.

“ Cleo,you were truly one of a kind! It was for sure going to be a well run shift when you were in charge of moving the patients on down the "birthing line" We shared grandsons born in the same year so that was fun comparing notes! You always loved the little "jiggers" that I brought to you from my many travels. We have missed you for so very long but now we know right where you can be found. Through you, God has poured out his love into our hearts!

“ I am so sad to hear of Cleo’s passing. She and I worked many evening shifts together at Northside. She was an awesome Unit Secretary- kept a crazy busy unit functioning smoothly. We loved to go out after work and had a lot of fun together. I know she loved her daughter, Toots so much. Rest easy Jean. ❤️

“ For Tootsie

I just wanted to reach out and send my deepest love and condolences to you. Losing a parent is one of the hardest things we can walk through, and my heart is right there with you.

I'll always remember your mom, Ms. Wilma Jean pulling up to your Dad's house on Radcliffe Blvd in that white BMW (I'm almost certain it was white 😊), gum popping, music blasting, and that whole vibe she carried. She'd scoop us up and off we'd go to the movies and pizza afterward like it was our little tradition. Those memories will always stay with me.

I also know how much Coco meant to you. The thought that Coco 🐕 was right there with her, and they both left this world together, it brings a sense of comfort knowing they're side-by-side in heaven, at peace, reunited, and wrapped in God's love.

I pray you feel strength, peace, and the presence of God holding you through this. She's no longer in pain she's resting, smiling, and watching over you with Coco right by her side.

Love you, cousin. If you need anything, I'm right here. 🧡🙏

“ I send my deepest condolences to you Levay, and all that loved and cared for momma Wilma Jean. You will be missed tremendously. My fondest memory of her is, I dont quite remember if it was Christmas or my birthday, she gave me a cigar set that came with a bottle of Glenlivet whiskey and a book of quotes for men, that I read very often. Sweet spirit, whenever I saw her she was always smiling from ear to ear. Thank you for always being kind to me. I pray you are at peace. Say hello to my mom when you get to heaven.

Oh Cleo, you and I go way, way back. So many fun and happy times we had together at work and mostly late night. I hope you are flying high and making lot of friends in heaven. There is no one like you and I will cherish all of our memories together. Levay, may you find peace at this very difficult time. Cleo, I will raise a shot glass to a toast in heaven for you. I remember your love for collecting them.

“ Mrs. Jean was my precious neighbor ❤️ we would meet in the yards and talk about everything. She often told me I was the nicest neighbor she had, but she was that to me and my boys. She was kind, sweet and she had renamed all of my animals (cats and dogs). They answered to her too. I will miss you dearly my friend 💙 Rest Easy

Cleo was for sure a straight shooter. It took me a long time (too long,) to figure out if what I was about to say would be good or bad. I think my rate was around 50%. I finally learned to just shut up and listen. She always kept things running smoothly! Maury Fradkin, 1971-1975
